To Whomever It May Concern

8 August 2012

Dear Sir/Madam

REF: RECESS CLEANING LTD

With reference to the above, I would confirm that Mr Manik has carried out work on Principle Contract's behalf since the end of 2010, and Recess has continued to work in this capacity to date.

The jobs undertaken have been window cleaning both external and internal, and a full comprehensive refurbishment building clean for projects throughout the UK.

The key performance indicators Recess work towards have been established over the number of years we have worked with them, these are very much a verbal understanding of standards of which we are both aware. Recess has achieved our highest award for standards and although we operate a snagging list, snags are minor to non-existent.

We have found Mr Manik and his operatives to be reliable and their work of a high standard. They have to be trustworthy, as much of our work is carried out on secure bank properties. We would have no hesitation in recommending the services of Recess, and I would be happy to send this by email to yourselves directly or speak with you directly to confirm this statement.

Yours faithfully

Martin Grew
Operations Manager
